FICTIONAL EXAMPLE — RWI-pharma Implementation Guide

Validation Report — ICSR

Case CH-SYNTHPHARMA-2026-000512 · 14 October 2026

The ICSR message below failed validation. The report was not loaded into the safety database.

Message number	SYNTH-MSG-2026-000512-1
Safety report ID	CH-SYNTHPHARMA-2026-000512
Format	ICH E2B(R2)
Outcome	Rejected — report not loaded (acknowledgment code 02)

Errors

R2-0214 (error)	B.2.i.1a *reactionmeddraversionllt* is missing. The MedDRA version is mandatory when a MedDRA code is given in B.2.i.1b (here LLT 10013573, Dizziness).

Action required

Add the MedDRA version to the reaction and resubmit the report. Because this report was not loaded, resubmit it as safety report version 1 with a new message number.
