Change Description and Justification

WonderDrug 50 mg film-coated tablets · 11 January 2027

Current	Nausea is not listed as an undesirable effect.
Proposed	Add nausea to SmPC section 4.8 (frequency: uncommon) and to package leaflet section 4.
Justification	Cumulative review of spontaneous reports (including case CH-SYNTHPHARMA-2026-000456, positive dechallenge) and clinical trial data supports a causal association.
